NON-REGULAR CLASSES

**RALLY PAIRS NOVICE CLASS:**
The Rally Pairs Novice Class consists of competition by one handler working two dogs at one time through a rally course at the Novice Level. Dogs need not be owned by the same person, nor do they need to be the same breed. However, they must be handled by one handler. Scores will be based on a possible 200 points, with ties being broken by time.

**Scoring.** All stations will be counted with a point value. The maximum point value that can be deducted at any one station will be 10 points per dog (20 total points). There will not be any NQs awarded for a performance. It is possible for a team to receive a negative score. All other rally rules and regulations will apply for each class level offered as a non-regular class. A separate official entry form will be completed in full for each dog entered along with clear indication of the PAIRS partner. Either or both dogs entered in Pairs may be entered in another class or classes.

**RALLY TEAM COMPETITION CLASS:**
For the non-regular Rally Team Competition, teams will consist of four dogs with a total possible score of 400 points for each team. The dogs need not be of the same breed. The NOVICE CLASS level will be used. All team members will run the course individually, with the team time running continuously. Time will start when the judge gives the first member of the team the forward command from the “Start” sign. The subsequent dog for each team starts when the previous handler for the team passes the “Finish” sign without an additional command of “Forward” by the judge. Timing for each team will begin when the judge commands the first handler in the team to begin with the command “Forward” and will stop when the fourth handler from the team passes the finish line. If jumps are required, they will be based on the height of the smallest dog on each competing team.

**Scoring.** All stations will be counted with a point value. The maximum point value, which can be deducted at any one station, will be 10 points. There will not be any NQs awarded for a performance. It is possible for a team to receive a negative score. A separate official entry form will be completed in full for each dog entered along with clear indication of the TEAM partners. Dogs entered in TEAM COMPETITION may be entered in another class or classes.
Bouvier des Flandres are rational, gentle, loyal, and protective by nature. The breed’s particular blend of characteristics makes them good family pets, as well as keen guard dogs. Unlike some animals bred for aggressive nature and power, the Bouvier possesses sophisticated traits, such as complex control, intelligence, and accountability.

The Bouvier is a powerfully built, compact, rough-coated dog of rugged appearance. It gives the impression of size and strength without clumsiness or heaviness. Perhaps its most notable feature is the impressive head which is accentuated by a heavy beard and mustache. The weight of males ranges from 80 to 120 pounds, slightly smaller for females. They are powerfully built, with a thick double coat.

The Bouvier des Flandres is an obedient dog with a pleasant nature. They look intimidating, but are actually calm and gentle. They are enthusiastic, responsible, even-tempered, and fearless, and are excellent guard and watchdogs that are easy to train. This breed learns commands relatively fast. Bouviers get bored easily learning best when repetition is limited.
